Calculation Period:	The average of the spot price (FOB) over the previous four weeks, used to determine the surcharge for the following half-month.
Frequency of Change:	Semi-monthly effective from 1st & 16th of each month (Circulars will be issued twice a month).
Timing of Announcement:	By the beginning of each month for the applicable FSC of 2nd half of the current month. By the middle of each month for the applicable FSC of 1st half of the next month.
